Finale Colours & Change rooms

The Finale colours & change rooms that students will be in for dress rehearsal and concert are listed below. Students should dress entirely in their finale colour with **white or silver** accessories. As students need to be signed in (and this can be a lengthy process if individually done) all students will be asked to meet the supervisor of their room in Wheeler Place.

Once all students have arrived they will be taken across to the theatre and to their change room as a group. Please arrive at least **30 mins early** so the rehearsal can start on time. Please collect students from the stage door of Civic Theatre on Hunter St and the end of their rehearsal section or at the end of concert as they will need to be signed out also.

Strictly only the parent helpers listed below will be permitted into change rooms and backstage.
